1. Background

The Mutual Aid Box Alarm System (MABAS), an intergovernmental agency, has been granted an authorization by the Federal Communications Commission to operate mobile and temporary fixed base stations throughout the State of Illinois on the eight (8) "MABAS" frequencies. 5. Member departments must only program IFERN 2 and Gold, Black and Gray fireground frequencies using narrowband emissions.

3. Conclusion

The FCC has the authority to cease radio operations, levy monetary fines and seize radio equipment, even public safety radio equipment, which is being operated in violation of their rules. Neither the Mutual Aid Box Alarm System nor the MABAS Executive Board will accept responsibility for operations by member or non-member entities on the eight (8) MABAS frequencies that are in conflict with FCC rules or are in conflict with this advocacy statement, MABAS rules and regulations or any other local, state or federal law. Any sanctions imposed by the Federal Communications Commission, including fines, costs and attorney's fees incurred by MABAS due to a member or non-member entity's improper use of the MABAS frequencies shall be the responsibility of the offending party.
