

Plainfield Fire Protection District and Joliet Junior College Present:
FSCI 235: Fire Apparatus Engineer

September 25–29

8:00 a.m. – 4:00 p.m.

**Plainfield Fire Protection District, Station 2
23748 W. 135th St., Plainfield**

The Fire Apparatus Engineer course is designed to give the skills necessary to operate fire pumps and driving fire apparatus. The course explains mechanical principles of pumps, pump controls, water systems, fire stream development, apparatus maintenance, intake and discharge hydraulics, apparatus spotting, and pump troubleshooting. JJC Fire Science courses are NFA accredited and offered in partnership with Southern Illinois University.
