RE: StarCom Radios NOT Rebanded

The agencies listed below have StarCom21 radios that have NOT been rebanded and have NOT responded to our surveys or letters. This list has a couple of caveats:

The data from which this list was created is somewhat suspect. However, we have a list of serial numbers of radios they supposedly have. They MUST contact Jeff Regan at jmregan@ileas.org ASAP. If they do not and they do not show up for the make-up rebanding sites, they will be asked to return the radios.
